I never meant for you to get hurt  
And how I try, oh how I try  
I could never give you just what you deserve  
Another man would surely learn

I know these words may only serve to twist the knife  
But I'll strive to make them heard  
Maybe it's better now I've gone away  
Maybe it's not, oh who can say

And though it's hard for me to say  
I know you're better off this way

And when I told her I didn't love her anymore she cried  
And when I told her her kisses were not like before she  
cried  
And when I told her another girl had caught my eye she  
cried  
And then I kissed her with a kiss that could only mean  
goodbye

And though it's hard for me to say  
Maybe you're better off this way  
And though it's hard for me to say  
I know you're better off this way  
Get away
