The singer finished singing  
And she's walking out  
The singer sheds a tear, fear of falling out

And it's hard to say how I feel today  
A lot of days gone by and I cried

It's hard to say that I was wrong  
Its hard to say that I miss you  
Since you've been gone, it's not the same

My worries weigh the world  
How I used to be and everything  
Seems a virus in me

And it's hard to say how I feel today  
For years gone by, and I cried...

It's hard to say that I was wrong  
Its hard to say that I miss you  
Since you've been gone, it's not the same

It's hard to say I held my tongue  
It's hard to say if only  
Since you've been gone, it's not the same

Worse than the fear\*,\* it's the lie you told a thousand  
times before.  
Worse than a fear, it's the knife.

And it's hard to say how I feel today.  
For years gone by, and I cried...

It's hard to say that I was wrong  
Its hard to say that I miss you  
Since you've been gone, it's not the same

It's hard to say I held my tongue  
It's hard to say if only  
Since you've been gone, "I'm not the same."
