3 years, you think for sure
That's all you've got to endure
All the total dicks
So superficial, so immature

But then when you graduate
You take a look around and you say
Hey Wait!
This is the same as where I just came from
I thought it was over that's just great

The whole damn world is just as obsessed
With who's the best dressed and who's having sex
Who's got the money, who gets the hunnies
Who's kinda cute and who's just a mess

And you still don't have the right look
And you have the right friends
Nothing changes but the faces, the names, and the
trends
School Never Ends

Check out all the kids
You'll never guess what the bamboos did
How did Valeria lose all that weight?
And Chavero had a baby, so I guess Gerardo's straight

And the only thing that matters
Is climbing up that social ladder
Still care about your hair and the girl you have
Doesn't matter if you're 13 or 25

The Bamboos the prom queen
Augusto captain of the nerd team
Rocio the nail
Jose Luis the stupid gay
Seen it all before, I want my money back!

The whole damn world is just as obsessed
With who's the best dressed and who's having sex
Who's in the club and who's on the drugs

Who's throwing up before they digest

And you still don't have the right look
And you have the right friends
And you still listen to the same shit you did back then
High school never ends

The whole damn world is just as obsessed
With who's the best dressed and who's having sex
Who's got the money, who gets the hunnies
Who's kinda cute, and who's just a mess

And I still don't have the right look
And I still have the same friends
And I'm pretty much the same as I was back then
School Never Ends
