

Hot Lies, The "Tokyo"

Have you seen the fires of Tokyo?
She lights them when you're sleeping,
She's slowing down your breathing.
And yes I love you, my Tokyo.
When will I see you again?
The fire burns and the daylight ends.

My Tokyo,
My Tokyo,
When will I see you again?
When will I see you again?
When will I see you.
I've been watching you,
Through the windows,
Tryning not to fall.

I'll never leave you, my Tokyo.
The lights and sirens in my eyes,
The fire burns and the daylight dies.
I hear you calling, my Tokyo.
The traffic moves like blood,
Through my veins,
The night begins and I call your name.

My Tokyo,
My Tokyo,
When will I see you again?
When will I see you again?
When will I see you.
I've been watching you,
Through the windows,
Tryning not to fall.
I've been watching you,
Through the windows,
Now it's curtains for us all.

When I'm running,
I'm running to you
When I'm broken,
I'm borrowed and blue
You can't stop me,

You don't have the cure.
You can't stop me.
Have you see the fires of Tokyo?
Have you see the fires of Tokyo?

I've been watching you,
Through the windows,
Now it's curtains for us all.
When will I see you again?
My Tokyo,
When will I see you again?
My Tokyo,
When will I see you again?
My Tokyo,
When will I see you again?
