It doesn't come from big cities  
It has a darker face  
Like the ones that you say with pity  
You should know that's where honesty is based

And you can't see it  
But you can feel it  
The damnation  
You validate this blackness

I've fought for what I've felt  
And not what sells  
With the same old resolve  
You are the government  
Repent your time has come

It's nothing that money can buy  
But Viacom sure does try  
They say: "It's all about entertainment  
...It doesn't have to have meaning"

Well you can't see it  
But I can feel it  
The damnation  
You validate this blackness

I've fought for what I've felt  
And not what sells  
With the same old resolve  
You are our government  
Repent your time has come

Well you can't see it  
But I can feel it  
Can you feel it  
Can you feel it  
The damnation  
The damnation  
The damnation  
You validate this blackness

I've fought for what I've felt  
And not what sells  
With the same old resolve  
You are our government  
Repent your time has come

Well I feel it, do you feel it  
Something's got to have a meaning  
I need it, do you need it  
Our brains are gone, our faith is dead  
I'm breathing, are you breathing  
Earnest art: humble men  
I'm bleeding, who believes me  
I know, I know, I know I've done my part
