Don't talk about love, boy; it's not what I'm thinkin' of,  
boy  
I had love before, yeah; I don't want it no more

CHORUS:

I just want a good good time, just show me a good  
good time  
& I'll show you a good good time  
& there'll be no heartaches or heartbreak  
Oh everything will be fine

I'm gonna be wild & free now, that's how I'm gonna be  
now  
No time to get down, no; I don't wanna be bound

(chorus)

Oh just swing me around & around & around; don't  
stop dancing  
Faster & faster & don't stop to talk about love  
romancin'  
Oh I wanna laugh & be gay; it's been so long since I've  
been that way  
So if there's nothin' to see, boy, then you're not the one  
for me, boy  
Even though you're fine, yeah, love ain't on my mind

(chorus)

(repeat & fade):  
& there'll be no heartaches or heartbreak  
Oh everything will be fine
