Red, green and white  
hot tracers steal across the sky  
(How long)  
Crashing down  
and Burning through the night  
For you and me  
These things pretend we do not see  
(How long)  
Bare remains  
Huddled in their graves  
Side by side

Don't tell me how  
We're safe for now

Clever disguise  
Our tanks, our bombs in single file  
(How Long)  
Bearing down  
Nowhere left to hide  
Can't deny

Don't tell me how  
We're safe for now

How long, How long  
will this go on.

Don't tell me how  
We're safe for now  
Don't tell me how  
Time we opened up our eyes  
Not safe for

How long, How long  
will this go on.
