Although I miss you  
I know you had to go  
I know you had to leave me standing  
But I still miss you  
I just need you to know  
I just wish you could hear me singing

It turned this boy into a man  
When you banged out the last beat on your drum  
I held your hand  
I kissed your hair  
When we said goodbye

I miss you, think of you everyday  
I hear the words you'd say ringing in my ears  
And I can feel you in every single bone  
I'll never be alone, no matter where I go  
Because this boy is now a man,  
And I understand for that you had to go  
I guess it's true, what they all say  
But it broke my heart

And I miss you  
I miss you  
I miss you  
I miss you  
I miss you

I miss you  
I wish you were here  
I wish you were here  
I wish you could hear me singing
