Our fight went through my head  
As I crawled into bed  
Too scared to close my eyes  
Was that our last goodbye

Five years of my mistakes  
And this is where it leads  
A broken picture frame  
And words I did not mean

But hold on hold on  
Please don't move on quite yet  
Hold on hold on

I would do anything for you  
If it would keep you here with me  
I would change everything for you  
If I just knew that you would stay

I'm reading every word  
Of notes you wrote long ago  
They still smell of your perfume  
The scent of "my love for you"

Five years of your mistakes  
And this is where it leads  
Some broken promises  
And love you did not mean

But hold on hold on  
Please don't move on quite yet  
Hold on hold on

I would do anything for you  
If it would keep you here with me  
I would change everything for you  
If I just knew that you would stay

Hold on hold on  
Please don't move on quite yet  
Hold on hold on  
We can make it through this

Hold on hold on  
Please don't move on quite yet  
Hold on hold on

And I would do anything for you  
If it would keep you keep you here  
And I would change everything for you  
Yeah I would do anything and everything  
For You

Five years of our mistakes  
And this is where it leads  
Some broken promises  
And love you did not mean  
I would do anything  
I would change everything
