I'll take the long way home so I can clear my mind
tonight

If I could see your face I know then I'd be just fine

Cuz everything feels so right whenever you're around
Am I just looking for what I've already found

And I only want the best for you
Even if it means we're through

It's clear that distance is our enemy for now
But if it's meant to be, then it will be somehow

If I could go back now I'd change so many things
But the past is what it is and this is why I sing

I only wanna see you happy
Even if it's without me

And we'll see
If this is how it's meant to be

Are we holding on to what's already gone from our
hands
Time will tell the truth just like a nightfall hits land
I'm sorry that I didn't treat you like an angel

Cuz that's exactly what you are

Seems like the more it hurts the more I understand
That I wasn't ready yet to take your hand

There's only one thing left I want to do
That's take back everything I put you through

And we'll see
If this is how it's meant to be

Are we holding on to what's already gone from our
hands
Time will tell the truth just like a nightfall hits land
I'm sorry that I didn't treat you like an angel

Cuz that's exactly what you are

So I guess this is Farewell for Now
I'll find you in the end somehow
