Verse 1:

Boston never seemed to be
So lovey in the fall to me
And Florida's not so cold
But this dance just gets old

Chorus:

And Hey, maybe we could stay,
maybe we could lay like this forever
And don't you know she is my favorite
I wanna run away for days with her
And if you promise not to say a thing
I'm gonna buy that a diamond ring
I said Ooooh I think I love you
Oooohh I think I love you, I love you
My favorite , Ahh Woahh

It's funny how love takes you by surprise
And I just didn't know what I was missing
ill you opened my eyes

CHORUS

Bridge:

We're in love, love, love
We're in love, love, love
We're in love, love, love, love, love

CHORUS (2x)
