So I'll sing sing sing so honestly
And I'll dance dance dance till I can't move my feet
Cause I'm addicted to the way that I've been missin
those kisses
For so long, so long

I'll take these letters to the next step
Love I swear that I am never gonna forget
What you've done for me
Oh it's clear to see

That I try to swim away but the water's rising
But I won't let go

Oh no I'm barely breathing baby
Heart stops beating I know it's crazy
And I'll be missing for the both of us
I'll be missing for the both of us

Down, down, down

And this fairy tale would so come true
If I was just a little bit closer to you

But brace yourself until the day
I wrap you in my arms and stay
For so long, so long

I need you here
Don't let go, don't you dare

Oh no I'm barely breathing baby,
Heart stops beating I know it's crazy
And I'll be missing for the both of us
I'll be missing for the both of us

And I can't bare to be here without you
Needless to say now I know I need you
And I'll be missing for the both of us
I'll be missing for the both of us

Can't get can't get you out of my head

Can't get can't get you out of my mind

I'll be missing for the both of us

I'll be missing for the both of us
