I'll go and get my yellow shoes  
And I will walk the miles to get to you  
I don't mean to keep you waiting  
I just been needing a little saving

So lets lets go back to zero  
With no shitty history  
Coz I would beg and steal and I would borrow  
If it meant that you would be with me and only me  
I want you

I'll put on my favourite hat  
And I will hold your face and kiss you like that  
You're so wonderful in every way  
There is nothing that could keep me away

Lets lets go back to zero  
With no shitty history  
Coz I would beg and steal and I would borrow  
If it meant that you would be with me and only me  
I want you

If you put me in a rocketship  
And send me to the moon  
I'd float around up there and find a way to get to you  
And eventually when I come tumbling down to earth  
I'd take of my spacesuit and I'd go put on my cowboy  
shirt  
I get up on stage  
Se your face  
Say this is your song  
You know that we belong

Lets lets go back to zero  
With no shitty history  
Coz I would beg and steal and I would borrow  
If it meant that you would be with me and only me  
I want you
