I did not come see you that time cause I don't like the
smoke

And the guilt that's all on my mind is what makes me
choke

All that replays is I didn't get to say goodbye

And I don't have a remedy
For you being a memory
Everyone said to me you had to go
You were running on empty
Go, easy go

Did someone you love take your hand when you
couldn't stay
Life's never quite like you planned so I sing you away
I sat and cried and from hundreds of miles said
goodbye

And I don't have a remedy
For you being a memory
Everyone said to me you had to go
You were running on empty
Go, easy go

Wine turned to water and water to tears
They watched as you disappeared

No I don't have a remedy
For you being a memory
Everyone said to me you had to go
You were running on empty
So go, easy go
