Another night another day
I think it's time to get away
I don't know what I was thinking last night
It maybe right it maybe wrong
But it was fine to play along
I am glad I was not drinking last night

Bye bye baby
I think it's time that maybe
You open up your eyes
And see that I am a big old waste of time
And just here for the ride

I don't want to be loved
I just want to be wanted
Sadly that's my law of life you see
I don't want to be loved
I want to be wanted
So if you're looking for a lover
You can go and find another
That's not me

A little light a little dark
A little help for my cracked heart
If I could sail away I'd do it tonight
I'm looking up and looking down
But I'm afraid to turn around
Coz I would see how much I've ruined my life

Sweet sweet ladies
You know you drive me crazy
I'm down on my knees
You love this loser so come give me some sugar
Before I leave

I don't want to be loved
I just want to be wanted
Sadly that's my law of life you see
I don't want to be loved
I want to be wanted
So if you're looking for a lover

You can go and find another
That's not me

Leave my heart dear
There aint no girls aloud here
Unless you're Cheryl Cole
It's just hit me
No Pussy Cats or Britney
Can fill this hole

I don't want to be loved
I just want to be wanted
Sadly that's my law of life you see
I don't want to be loved
I want to be wanted
So if you're looking for a lover
You can go and find another
That's not me
