I miss your skin  
Where I slip away  
I miss your eyes  
Becoming so bad  
I miss your body  
When you hide in me  
Almost like you're  
Afraid of the dark  
I miss those mornings  
I found you lukewarm  
And make me ill  
Can't skim you

I lick my scars  
Been far away from home  
That's why I'm disabled  
To listen to you  
Bring back to life  
All the rest of your killings  
A black and white earth  
It's just a mad sphere  
Clean this sun  
That now is obscured  
No cloud on my face  
I'm born again  
Bring me back home  
There is no more chance for me  
Don't leave me in this cold dark  
You know I'm more afraid than you

Don't ask me why  
It happened so late  
I just know I need you  
In your every drop  
It's like a pain  
So little before  
Explode in my soul  
And stain me with blood  
It's not the end  
But the start of the world  
The only one place  
We're ever welcome

BRING ME BACK HOME  
BRING ME MY FEARS
