lean back and watch the show  
cuz when it's over I'll have to go  
the memories of this lonely street  
her movemets came out through the sheets  
I drove so close, I felt the breath  
of nicotine and innocence  
lazy day with video  
colored back, enjoying coke  
talking shit is what I'm paid for  
kissing schol girls on thestage  
killing flies and drowning sparrows  
the show gets hot when they are crying  
why can't I find the spot  
of never-ending title shot  
thank hell that I can tell  
the city girls from raspberries  
psychological theories  
of ultra fucking siamese  
wasted in the sumer shade  
bathing in the dead man's blaze  
purple sweat drops frommy candle

the way she smiles into the camera

rainy days behind the tv

giant cheese-cakes take away my fantasy

please touch his soul

please heal his soul

please touch his wounds

please take off your clothes
