I can't slee-eep at ni-ight
Keep seeing men all dressed in white
And they won't let my girlfriend talk to me

I said, what's goin on, you're just showin' off
Well I'm crackin' dow-own on your crackin' up
Then she up and left, it was lunacy
So they locked her up, threw away the key
In the name of modern medicine, they will leap
There's nothing wro-ong with her-er
That a do-ose of me won't cure
But they won't let my girlfriend talk to me

I'm gonna batter down all the hospital walls
Make 'em feel just about this tall
Go balleting through the corridors
Bounding through the canteen
They're gonna feel so mean, mean, mean
I'm not asking for mu-uch, but I feel so out of touch
And they won't let my girlfriend talk to me

They won't let her talk
Won't let her talk to me-ee
They won't let her talk
Won't let her talk to me-ee

They've got her now, they've got her good
They said they'd do-oo everything they could
I don't know why I failed to see
How they justify taking liberties
With my girlfriend down with me, me, me

I can't slee-eep at ni-ight
Keep seein' men all dressed in white
And they won't let my girlfriend (oh no they won't)
They won't let my girlfriend (oh no they won't)
They won't let my girlfriend (oh no they won't)
They won't let my girlfriend ta...alk to me
