Everyone's telling me baby,  
A hard rain's gonna fall,  
And I've been feeling gray skies,  
Trying to end it all, yeah.

You and I are moving in a different way, yeah,  
I'm losing all the feeling of yesterday, yeah, yeah.

And I've been down,  
I've been wasted,  
I'm torn and frayed, frayed,  
And I can feel it coming on like a hurricane, yeah.

You and I are moving in a different way, yeah,  
I've got no soul; I've got nothing of yesterday, oh, oh,  
oh, oh, oh.

Ooh, my dear can't you see,  
My heart is breaking now?  
All my love has gone to waste,  
But I can't change it now, yeah.

Ooh, oh, ooh no,  
Yeah, yeah,  
Ooh, ooh, ooh, oh no.
