Reality's a dream  
A game in which I seem  
To never find out just what I am  
I don't know if I'm an actor or ham  
A shamen or sham  
But if you don't mind  
I don't mind

I'm lost without a clue  
So how can I undo  
The tangle of these webs I keep weaving  
I don't know if I should be believing  
Deceptive perceiving  
But if you don't mind  
I don't mind

I used to bet that you didn't care  
But gambling never got me anywhere  
Each time I used to feel so sure  
Something about you made me doubt you more

How can you convince me  
When everything I see  
Just makes me feel you're putting me down  
And if it's true this pathetic clown'll  
Keep hanging around  
That's if you don't mind  
I don't mind

I used to bet that you didn't care  
But gambling never got me anywhere  
Each time I used to be so sure  
Something about you made me doubt you more

I even think you hate me when you call me on the  
phone  
And sometimes when we go out I wish I'd stayed at  
home  
And when I'm dreaming or just lying in my bed  
I think you've got it in for me  
Is it all in my head is it in my head

How can you convince me  
When everything I see  
Just makes me feel you're putting me down  
And if it's true this pathetic clown'll  
Keep hanging around  
That's if you don't mind  
I don't mind  
I don't mind
