Here in suburbia  
There's nothing left to see  
Just want to spend my time running free

I've had enough of the day job  
I can see farther than that  
Just want to spend my time running free

The air of tension still is rising higher  
Screaming emotions are singing to you  
(No no no time no no no time)  
(No no no time no no no time)

Here in the engine room  
A pulse shouts for a word  
Just want to spend my time running free

I'll pull out condition  
There's no need to face facts  
Just want to spend my time running free

You better make a move before sleeping gets you  
You better shape soon before the weak things make  
you  
(No no no time no no no time)  
(No no no time no no no time)

Here in proles' paradise  
Experiments on the weak  
Just want to spend my time running free

It's a trick of the torment  
You tend to forget yourself  
Just want to spend my time running free

Your conscience may be changed as the plan gets  
harder  
It's just been rearranged to keep the strata  
(No no no time no no no time)  
(No no no time no no no time)

Your conscience may be changed as the plan gets  
harder

It's just been rearranged to keep the strata

(No no no time no no no time)

(No no no time no no no time)

(No no no time no no no time)

(No no no time no no no time)

(No no no time no no no time)

(No no no time no no no time)
