Tried to find my sock
No good it's lost
Something's gone wrong again
Need a shave
Cut myself need a new blade
Something's gone wrong again
And again and again and again again and
Something's gone wrong again
Something's gone wrong again

Tried to fry an egg
Broke the yolk no joke
Something's gone wrong again
Look at my watch just to tell the time
But the hand's come off mine
Something's gone wrong again
Something's gone wrong again
And again and again and again again and
Something's gone wrong again
Something's gone wrong again

Nothing ever happens to people like us
'Cept we miss the bus
Something goes wrong again
Need a smoke use my last 50p
But the machine is broke
Something's gone wrong again
Something goes wrong again
And again and again and again again and
Something goes wrong again
Something goes wrong again

[Solo]

Something goes wrong again
And again and again and again again and
Something goes wrong again
Something goes wrong again

Nothing ever happens to people like us
'Cept we miss the bus

Something goes wrong again
Need a smoke use my last 50p
But the machine is broke
Something goes wrong again
Something goes wrong again
And again and again and again again and
Something goes wrong again
Something goes wrong again

Turn up early in time for our date
But then you turn up late
Something goes wrong again
Need a drink go to the pub
But the bugger's shut
Something goes wrong again
Something goes wrong again
And again and again and again again and
Something goes wrong again
Ah something goes wrong again
Something goes wrong again
Something goes wrong again
