I'm all for business baby, I ain't got no time for play
I'm all for business baby, I ain't got no time for play
Mean everything I do, you know I mean every word I
say

If you think I'm playin' baby, things ain't like they seem
If you think I'm playin' with you woman, then things ain't
like they seem
You better shake yourself and wake up little girl
I swear you just havin' a real bad dream
Through talkin'

If my mother could see me right now

This one is for Maggie
High speed Mama
Yes, yes

Are you listen'en to me Roland
This is your baby talkin' to you
I'm talkin' to you
Ah!
Yes, yes, yes, yes, yes, yeah

I mean what I say woman, you better even watch the
way you talk
I mean what I said woman, you better even watch the
way you talk
Yeah, you can even make me mad, you better even
watch the way you walk

I am all for business, I ain't got no time for play
I'm all for business, I ain't got no time for play
I mean everything I do, you better do everything I say
