"Down So Long"

I've been down so long, been down like worries me
I've been down so long, been down like worries me
I'm gonna take all my troubles, catching them in the
deep blue sea

Oh baby, what is this you've been doing to me?
Tell me, baby, what is this you've been doing to me?
Oh, you know I love you, you keep my heart in misery

Been down like worries me
I've been down so long, been down like worries me
I'm gonna take all my troubles, catching them in the
deep blue sea
