Lost the fight with a woman so fast, seems like I'm
standing on driftin' sand
Lost the fight with my woman so fast, seems like I'm in
driftin' sand
And all the time I thought she love me, now she is gone
with another man

Left me early in the morning, down by the railroad
track
Left me early in the morning, down by the railroad
track
The live is what she taught me, but you better hold your
bright life away from that

So mama, please, please try to understand
Baby, please, please try to understand
You know I'm living with a broken heart, now I'm
singing in driftin' sand

Baby, please, keep on trying to understand
I need you to be my woman, I wanna be your man
The way you left me here, baby, seems like I'm
standing in driftin' sand

I lost the fight with my woman so fast, seems like I'm
standing on driftin' sand
Lost the fight with my woman so fast, seems like I'm on
driftin' sand
And all the time I thought she love me, but now she is
fooling with another man.
