Just sitting here, wishing my troubles would all go away
just sitting here, wishing my troubles would just vanish
away

But I see the years keep on hanging around, trying to
get me down

Just sitting here, wish dees blues would leave me alone
Oh, sitting here, wish dees blues will leave me alone

I kant sheck dees feeling, hey the woman I loved is
gone

Tell yer peoples, ah, it's a mighty sad day
Wanna tell yer peoples, for me this is a mighty, mighty
sad day

Hey, I got the blues so bad, tears running down my
face
I can't see my way (spoken: I go in the corner and cry a
little bit)
Can't stop dees crying

Hey ho, blues won't leave me alone
Hey ho, I need dees blues to leave me alone

It keep on hanging around, trying to get me down
You listen to my story, oh yeah, tell me what more can I
do?
Hey, somebody listen to my story, what more, what
more can I do?
I did everything I could to treat you good, now I kant
sheck dees blues

I did everything I could, ho, but I kant sheck dees blues
I've been walking hey
I've been walking the streets all night long
I've been walking, I keep walking all night long

Kant sheck dees blues, I'm so sad being alone

Mercy, mercy
Mighty nights for this

I need to go out in the morning

I'm just sitting here

Ha, day by day, wishing dees old troubles

Bad luck and troubles would just go away

But I see it keep hanging around

Oh, they try to get me down

Let's rock it on home

Nothing but the blues, oh!
