#### Lonely Guitar Man

Now here I am playing the blues,  
and doing the very best that I can.  
The whole world is talking down on me,  
but I know they just don't understand.  
So I'm going on singing and playing the blues,  
I'm just a lonely guitar man.  
Going on singing and playing my blues,  
cause I'm just a lonely guitar man.  
When it comes down to money and other things,  
I don't have none.  
But when I play my guitar,  
I have a whole lots of fun.  
World down on me,  
I know they don't understand.  
Going on singing and playing my blues,  
I'm just a lonely guitar man.  
Going on singing and playing my blues,  
just a lonely guitar man.  
listen: lost the woman that I loved,  
I think she got another man.  
I tried to do everything for her,  
but I know she don't understand.  
Going on singing and playing the blues,  
oh, she don't understand.  
Singing and playing my blues,  
cause I'm just a lonely guitar man  
Cause I'm just a lonely guitar man.
