Rockin' the blues, I have to rock 'em all night long
Just rockin' dees blues, got to rock 'em all night long
I just rock dees blues, you know that's all that's keep'
me goin'

You got to help me, help me rock 'n' roll dees blues
You got to help me, help me rock 'n' roll dees blues
I don't wanna loose this feeling, all I want to loose is the
blues

Just a little feeling, hey makin' lies all night long
A little more feeling, makin' lies all night long
I've been satisfied here baby, hey baby, don't let me
alone
Let's rock dees blues

Take it easy, yeah, just roll me slow
Take it easy, you just roll me slow
I want to hold you baby, squeeze me tight, don't let me
go
Rock dees blues again, oh, don't let me go
Rock me baby, if I ever love no more, don't let go
