Who wakes you when the morning comes
Who calls you every late night
Who comforts you when you're in need
Who always tries to treat you right
Who gives you all he has to give
Who would dedicate his heart to you
Who fulfills all his promises
Who sees the good in you

[Chorus]

Tell me what you gonna do when I'm gone
Oh and where you gonna go when there's nobody
home
And who's gonna love you when you're all alone
Tell me what you gonna do when I'm gone

Oh what you gonna do when I'm gone
Oh yeah

Who cries knowing you don't care
Who worries what the future holds
Who fears the road ahead
And who's heart is turning into stone
Who prays for your safe return
Who misses you when you're away
Who's tired of empty promises
And who's tired of all the games you play

[Chorus]

Baby, I just want to know, what you gonna do
What you gonna do, when I'm, when I'm gone

[Bridge]

Girl I just what to know

[Chorus]

Oh what you gonna do when I'm gone
When I'm gone

(Tell me what you gonna do when I'm gone)
I just want to know, what you gonna do
(Tell me what you gonna do when I'm gone)
Want to know, yes I want to know
What you gonna do
(Tell me what you gonna do when I'm gone)
It won't be too long, 'til I'm gone
Yeah I'm already gone
(Tell me what you gonna do when I'm gone)
I'm already gone
(Tell me what you gonna do when I'm gone)
Do you see what you've done to me
See what you've done to me
Oh what you gonna do now
(Tell me what you gonna do when I'm gone)
Oh, I want to know
And it won't be long, 'til you come home, and I'm
already gone
(Tell me what you gonna do when I'm gone)

Oh
Tell me what you gonna do when I'm gone
