Death of an angel  
So beautiful to me  
Shattered pieces fall to earth  
Time can never heal

The story is over now  
All points have been made  
But when you hold out your hand  
I don't see a thing

You can reach for the stars  
But take what you get here

Was last December and all was milky white  
Came December again and all is black

With hands to our mouths  
We need food to live  
But it's poison's nature to kill  
If we choose to swallow

You can reach for the stars  
But take what you get here

So far  
So deep  
So deep it burns  
I burn  
Until I cry  
I cry  
I die

Death of an angel  
So beautiful to me  
Shattered pieces fall to earth  
Time can never heal

You can reach for the stars  
But take what you get here

So far

So deep  
So deep it burns  
I burn  
Until I cry  
I cry  
I die
