My mouth is all dried up
My eyes are all shut
We're speaking a new language baby
Where words are not enough

I can feel it coming
I can feel it explode
Action reaction, overload

The words are all boring
Why don't you shut up
'Cause we're counter culture fighters
They're fucking us up

When we talk, we hear the revolution
In our noise there's revolution
We will scream the revolution's coming
In our kiss we taste revolution

If we spoke like we've
Never spoke before
We'll rip out our tongue and
Watch it lose control

And I would never repeat the phrases
That I was taught in school, yeah
And I would never repeat your
Inadequate roles and rules

That's just sick power
'Cause I have fucked it up
Oh, oh my hands are tied baby
'Cause someone's all corrupt

I can feel it coming
I can feel it explode
Action reaction, overload

My mouth is all dried up
My eyes are all shut
We're speaking a new language baby
Where words are not enough

If we spoke like we've
Never spoke before
We'll rip out our tongue and
Watch it lose control

And I would never repeat the phrases
That I was taught in school, yeah
And I would never repeat your
Inadequate roles and rules
