We're all tired of flying in second class baby
Never ever navigating
Always have to be the one that's waiting
For a number in line

We're all sick of, we're all sick of
Following that direction
And still, with your [Incomprehensible]
Pulling us around by the chain girl

Gonna make you realize why
We should own our own airlines
Gonna make you wave goodbye

We're all tired of
Tired of flying in second class
Can you feel this my brothers?
Havin' to wait for the process

We're all tired of flying in second class baby
Never ever navigating
Always have to be the one that's waiting
For a number in line

Gonna make you realize why
We should own our own airlines
Gonna make you wave goodbye

Gonna make you wave goodbye now and forever
Gonna make you wave goodbye
'Cause we'll fly away, fly away

Gonna make you wave goodbye now and forever
Gonna make you wave goodbye
'Cause we'll fly away, fly away

Gonna make you realize why
We should own our own airlines
Gonna make you wave goodbye

Gonna make you realize why
We should fly our own airlines

Gonna make you wave
It's ready, it's ready, it's ready, it's ready for you
