Feel the gravity under your feet now
Blowing speakers trying to figure out how to turn it up
and turn it loose tonight
To have rhythm and revolution seems like an easy
solution
But right now we're gonna set it all on fire
To feel the power, to feel the juice, to feel the same
things, feel the same things that I do
Oh can't you see, oh can't you see this world belongs to
you and me
Oh can't you see, oh can't you see
Get injected, resurrected, let's get infected, engage in
life
We're the rejected, resurrected, and we will make it
right
Now you're showing me how you move to music, riots
and to this groove
Never knew we could feel this good
We don't want to have to wait around until we are out of
the underground
We want to have our freedom now
To feel the cold sweat, to feel the soul on this hallowed
ground, baby we can feel it all
Oh can't you see, oh can't you see this world belongs to
you and me
Oh can't you see, oh can't you see
Get injected, resurrected, let's get infected, engage in
life
We're the rejected, resurrected, and we will make it
right
Liberation's ready to bloom, liberation's ready to
bloom, liberation's ready to bloom tonight...
