Hey brother won't you please open up your heart for
me now
And sister the best dreams to dream are still for free
No more dead time with you on my mind with you by
my side
Our hungry hearts and this old world's about to collide
Let it begin tonight we'll win, let it begin tonight we'll
win
Let's all share our dreams, all share our dreams, let's
all share our dreams under a communist moon
All share our dreams, let's all share our dreams, all
share our dreams under a communist moon
Hey sister I'm counting the minutes until you're here
with me yeah
And brother if you want to join in please feel free
It comes everywhere it comes all at once below and
above
From desperate times comes radical minds living
armed love
Let's all share our dreams, all share our dreams, let's
all share our dreams under a communist moon
All share our dreams, let's all share our dreams, all
share our dreams under a communist moon
Let's all share our dreams, all share our dreams, let's
all share our dreams under a communist moon
All share our dreams, let's all share our dreams, all
share our dreams
We find hope in our hands, it'll see us through the night
And all of our dreams and all our plans will come alive
tonight, will come alive tonight
Let it begin tonight we'll win, let it begin tonight we'll
win
Let's all share our dreams, all share our dreams, let's
all share our dreams under a communist moon
All share our dreams, let's all share our dreams, all
share our dreams under a communist moon
The moon up above will show you the love to see us
through the night, see us through the night
Let's all share our dreams, all share our dreams, let's
all share our dreams under a communist moon
All share our dreams, let's all share our dreams, all
share our dreams under a communist moon...
