Is there a question about it? Do you feel sentimental yet?
What are you communicating and please can you tell me that?
I got seduced by a preacher, I was blind but now I can see
I'm going to show those bastards
The same respect that they are showing me, yeah

If we spend our whole lives bending
What do you think that we will get?
What are you trying so hard to understand?
Aren't the structures obvious yet?

Yeah if we are so righteous where's the action to our concern?
Do you think the moral light guides us
Will the same to make the powers turn?
I got seduced by an impulse, I got a bigger need to feel
Your definition of love baby it doesn't satisfy
[Incomprehensible]

If we spend our whole lives bending
What do think that we'll get?
What are you trying so hard to understand?
Aren't the structures obvious yet?

Your dead language of love
Your dead language of love
Your dead language of love, love

Your dead language of love
Your dead language of love
Your dead language of love, love

Hey I, hey I, don't mind
Breaking Starbucks windows 'cause it is no fun
[Incomprehensible]
Hey I, hey I can I envision more radical times
Not more just waiting around
Hey I, hey I, oh yeah
