Do I have to spell it out?
Do I have to spell it out?
Do I have to spell it out?

Well I've got just one little thing to say
Got a little secret if you want to come my way

Do I have to spell it out?
Do I have to spell it out?
Do I have to spell it out?

Yeah I've got you under my thumb
Got my desires free to grab for everyone

'Cause you know that I, I wanted you
So please be careful with the words you choose
There is so much that we can do

Yeah I wanted you to be, to be by my side
Everyone in here all of the time

Do I have to spell it out?
Do I have to spell it out?
Do I have to spell it out?

Yeah, yeah, yeah
Na na na na, oh yeah, ah huh
Come on everyone

Do I have to spell it out?
Do I have to spell it out?
Do I have to spell it out?

And you know that I always wanted to be with you
And you know there is so much that we can do
And you know something about the words we choose
And you know

If you ever think about loving
If you ever think about loving
If you ever think about loving
If you ever think about loving

Please, won't you please consider, consider me

Yeah I've got just one little thing to say
Insurrection, a new direction coming our way

Do I have to spell it out?
Do I have to spell it out?
Do I have to spell it out?

And you know that I always wanted to be with you
And you know there is so much that we can do
And you know something about the words we choose
And you know

If you ever think about loving
If you ever think about loving
If you ever think about loving
If you ever think about loving
