Do u know, know my name?
So where do we, do we begin?
Paper cuts, yeah, paper cuts, yeah
Paper cuts from writing, too much

Do u know, know my name?
Let's make a list of our complaints
Let's make a list, let's make a list
Make a list, go put it to flames

Do you know how it feels to not
Owe anyone anything, come on
Do you wanna know how it feels, yeah

Do u know, know my name?
Let's make a list of our complaints
Let's make a list, let's make a list
Make a list, go put it to flames

I'm tired of playing
I'm tired make it all go away and that's what I say
I'm tired of playing
I'm tired make it all go away, that's what I say

Do u know, know my name?
Let's make a list of everything
Let's make a list, let's make a list
Let's make a list, let's make a list

Do u know, know my name?
Do u know, know my name?
Do u know, know my name?
Do u know, know my name?
Do u know, know my name?
Do u know, know my name?
