Manifest this repression  
With smart bombs and easy listening  
Rally me up in this non-decision making  
I got my mind in for the taking

My heart still hurts from last night  
My heart still hurts from last night  
My heart still hurts from last night  
My heart still hurts from last night  
Do you feel alright?

I've got survival sickness  
I've got survival sickness, and yeah  
I've got survival sickness  
Yeah, yeah, yeah

Entertain me, the plot thickens  
Serve me up some of your good living  
A grand total of understatement  
Show me salvation and I'll hate it

My heart still hurts from last night  
My heart still hurts from last night  
Do you feel alright?

I've got survival sickness  
I've got survival sickness, and yeah  
I've got survival sickness  
Yeah, yeah, yeah

You know how it feels  
Not to be wanted down here  
You know how it feels  
Not to feel at home anywhere

You know how it feels  
To live life down on your knees  
You know how it feels  
To always say, 'Please', yeah

My heart still hurts from last night  
My heart still hurts from last night

My heart still hurts from last night  
My heart still hurts from last night  
Do you feel alright?

I've got survival sickness  
I've got survival sickness, and yeah  
I've got survival sickness  
Yeah, yeah, yeah

I've got survival sickness  
I've got survival sickness, and yeah  
I've got survival sickness
