You can choke on easy ways  
While we stay up every night and every day  
Doesn't matter what you say  
'Cause your ways are so fucking lame

Yeah, we're all coming over while you  
Watch you take your pills, watch you fall asleep  
Yeah, we're all gonna dig  
The sound on the new beat

There's no way that  
Your gonna make it out of here in time  
Only lovers  
Only lovers gonna be left alive

There's no way that  
Your gonna make it out of here in time  
Only lovers  
Only lovers gonna be left alive

Feel the heat that we are all taking about  
A realization of the wildest schemes  
Your lack of passion and your lack of dreams  
Pretty much made you obsolete

No more sitting down, shutting up  
Taking shit, we could never dream of it  
No more sitting down, shutting up  
Taking shit, we could never dream of it

Yeah, and we all gonna scream about it  
Yeah, and the kids are finally gotta reign  
Yeah, get rid of all the adults  
'Cause they couldn't take the strain

There's no way that  
Your gonna make it out of here in time  
Only lovers  
Only lovers gonna be left alive

There's no way that  
Your gonna make it out of here in time

Only lovers  
Only lovers gonna be left alive

You can choke on easy ways  
While we stay up every night and every day  
Doesn't matter what you say  
'Cause today your traditions are completely dead

Yeah, and we're coming over  
Yeah, old ways are going down  
Yeah, dying of laughter  
Yeah, while we dig the new sound
