I wanna explode like the times when we were getting
down
Down under the pavement, what do you think that we
might find
Oh baby, what's the secret behind your smile
Can you please show me now?

I wanna make you feel the way I feel when I'm with you
As simple as it seems, all these dreams they're
nothing new
Oh, I want you to feel it too, the way I feel about you

Let us get corrupted by sin and the passionate new
sound
The sound of young lovers, revolutionary babies on my
mind
Oh darling, pick up a cobblestone and run
And leave the old behind

I wanna make you feel the way I feel when I'm with you
As simple as it seems, all these dreams they're
nothing new
Oh, I want you to feel it too, the way I feel about you

I want to touch your heart
I want to steal your soul
Just like you stole mine from me

I wanna make you feel the way I feel when I'm with you
As simple as it seems, all these dreams they're
nothing new
Oh, I want you to feel it too, the way I feel about you
