Relationships are nothing but psychical torture,  
it tears your fucking mind apart!  
It has made me a cynical person and this time  
I'll rip you the fuck apart! x5

If you don't pay I won't let you rest, so fucking pay me  
or I won't let you rest! Tables turn and now you rot and  
you won't come back to me, limb for limb I promise you  
we'll take it slow from here.

Your nothing, your useless, just a waste of my time  
the only good time in my life was when you died.  
Buried beneath my feet I shed no tears,  
only a grin on my face is what remains.

Your nothing, your useless, just a waste of my time  
the only good time in my life was when you died.  
Buried beneath my feet I shed no tears,  
only a grin on my face is what remains.

Your nothing, your useless, just a waste of my time  
the only good time in my life was when you died.  
Buried beneath my feet I shed no tears,  
only a grin on my face is what remains.

You are nothing to me!  
Fuck your life you bitch!

Before I saw darkness now I see the light  
the life I spent with you was just a waste of fucking my  
time!
