I will eradicate every fucking feeling you got!  
Make you empty inside!  
Make you my slave!  
My deeds are good, I got one intention  
and that is to please my mind.

I'm sick and tired of being pushed around.  
Now I'm standing my fucking ground.  
I will make you twist in agony and pain,  
Make you do every single fucking thing that I say!

A knife in the fucking back I'm losing track  
of my morality and values.  
Tightening the grip around her throat your pupils  
dilating feeling your life fade away

I decide what's right  
I decide what's wrong!  
you had your chance,  
So take your goodbyes,  
I decide your life,  
I decide your fate,  
So save your fucking goodbyes!

A light in the other end of the tunnel,  
a glimpse of light at the end horizon.  
My deeds are good,  
I got one intention,  
and that is to take back what is mine.

You are slowly fading away, your eyes are getting  
heavy  
I hope to fucking god that you will rot in hell!

You are slowly fading away, your eyes are getting  
heavy  
I hope to fucking god that you will rot in hell!

You are slowly fading away, your eyes are getting  
heavy  
I hope to fucking god that you will rot in hell!
