All the stupid things in this civilisation, is the mode and the color our live,  
how people present themself. Everyone is the best, the rest chicken and flowers. So make sure if you leaving your place, perfect style yourself.

Refrain:

Outfit. A countinued Trip, the way you look is the most important

Outfit. What you need. So go Downtown and buy some new clothes.

Outfit. A money trip, there's so much that's looks on you.

Outfit. What you need you be the coolest ruler in town.

I outstyle my self, I want to stay on the scene.

So I go to the Bank get the money I need,  
and I step into the store.

There is a million things to choose for my outfit.

And I hold on a second and I ask myself: What do I really need?

Refrain:

Outfit. A countinued Trip, the way you look is the most important

Outfit. What you need. So go Downtown and buy some new clothes.

Outfit. A money trip, there's so much that's looks on you.

Outfit. What you need, you be the coolest ruler in town.

I don't need a new Jeans. I don't need a new shirt.

I don't need a new die. I don't need need new shoes.

I don't need a new cut. I don't need a new Pop.

I don't need a new brain. I wanna stay as I am.

Take me as I am.

Refrain:

Outfit. A countinued Trip, the way you look is the most important

Outfit. What you need. So go Downtown and buy some new clothes.

Outfit. A money trip, there's so much that's looks on  
you.

Outfit. What you need you be the coolest ruler in town.
