Strangers in the night
Exchanging glances
Wondering in the night
What were the changes
We've sharing love
Before the night was thru

Something in your eyes was so inviting
Something in your smile was so exciting
Something in my heart told me i must have you

Strangers in the night
Two lonely people
We was strangers in the night
up to the moment
When we said our first hello
Little did we know
Love was just a glance away
Worm, embrace and dance away

Never since that night we've been together
Lovers at first sight
In love forever
It turn out so right
For strangers in the night

Love was just a glance away
Worm, embrace and dance away
