To love - and be loved  
That's what life's - all about  
Keeps the stars - coming out  
What makes a sad heart sing - the birds take wing

To love - and be loved  
That's what living - is for  
Makes me want you the more - the more we cling

Let others race - to the moon  
Through time and space - to the moon  
My goal is greater than this  
To reach your lips - to share your kiss

To stay - in your arms  
Is the dream - I pursue  
To be sheltered - and safe - from the storm  
To be cozy - and ever - so warm

And for always - to love  
And be loved - by you
