I heard a voice asking what happens after the fire
And then a sound of breaking window and the scream
of a tyre
And then the sound of a distant gun and the cry of a
hungry child
The night is hot
But nothing's gonna stop
This gang going wild

After the fire the fire still burns
The heart grows older but never ever learns
The memories smoulder and the soul always yearns
After the fire the fire still burns

I saw matt dillon in black and white there aint no colour
in memories
He rode his brother's harley across the t.v. while i was
laughing at dom deluise
Now i'm cycling all my video tapes, i'm crying and i'm
joking
I've gotta stop drinking
I've gotta stop drinking
I've gotta stop drinking

After the fire the fire still burns
The heart grows older but never ever learns
The memories smoulder and the soul always yearns
After the fire the fire still burns

The fire still burns, raging through the pain
Blackening the promises the tears and the rain
The fire will burn
??til the wind begins to turn
And it all begins again

After the fire the fire still burns
The heart grows older but never ever learns
The memories smoulder and the soul always yearns
After the fire the fire still burns

After the fire the fire still burns

The heart grows older but never ever learns
The memories smoulder and the soul always yearns
After the fire the fire still burns
