Haven't you heard what they say about you  
when you walk out of the room? She's so rough  
Haven't you thought what you'll do,  
You can't choose when you loose all your youth,  
You're old long enough,  
Haven't you guessed?  
You're a mess  
Nothing left  
And you get no respect,  
Don't disgrace yourself.  
And you don't feel your worth,  
You're pure gorgeous girl...  
How'd you get off when your hearts not in it?  
How'd you get love when you're miles away?  
Why'd you reveal him all of your secrets?  
Don't give it up, don't give it up,  
Don't give it up, don't give it up,  
Don't give it up girl (Don't give it up girl)  
Catch yourself on, you're so wrong,  
you belong with someone who will say,  
"Let's wait a while"  
Catch your breath, you just me,  
he won't think nothing less, have your way,  
Just wait a while  
Get a grip, get a grip will ya?  
Ya won't slip will ya?  
He sleep and sprint away --  
and he won't see your worth  
When you're pure gorgeous girl  
How'd you get off when your hearts not in it?  
How'd you get love when you're miles away?  
Why'd you reveal him all of your secrets?  
Don't give it up, don't give it up,  
Don't give it up, don't give it up,  
Don't give it up girl (Don't give it up girl)  
You're a good girl, and i know you like a laugh,  
You're a good girl, let them see you got some class,  
You could be my sister, can't stand to watch you hurt  
'Cos you're pure gorgeous girl  
You're pure gorgeous girl ---  
Don't give it up

Don't give it up  
Don't give it up  
Don't give it up  
Don't give it up  
Don't, don't, don't...  
Hold back something  
Don't give everything away  
Keep back something...  
Don't give it up  
Don't give it up  
Don't give it up  
Don't give it up  
Don't give it up  
How'd you get off when your hearts not in it?  
How'd you get love when you're miles away?  
Why'd you reveal him all of your secrets?  
Don't give it up, don't give it up,  
Don't give it up, don't give it up,  
Don't give it up girl (Don't give it up girl)  
Keep back something...
