The mirage of Light in the distance, yet dark clouds
loom on us
Streaming Chances, tides eternal, stretch between still
unformed...
(Feeble in silence their echoes remain...)
Feed on your greed, human madness, Creation will
tremble
Dreams forebode but scorching ashes for the beauty of
old...

Waken your minds, sons and daughters, true scions of
Gaia
Days of bliss may still be written in the great vault of
Fate...
"Imbue their hearts with Your wisdom", my prayer to
the Almighty,
"Grant us strength, faith, judgment fair, love for life till
the end..."

Angels of Heaven descend into the Night,
Bless humankind with pure Light
Legions of darkness fall back to the Abyss,
Children of Earth live in peace

The Angel's Call:
Apocalypse
Time repeats itself
War that once tore the host of angels
Throws cruel reflections upon the race of man
As the first Archangel cast Lucifer farthest from the
Light of God
So you, brethren, unleash the divine waters,
And may the purging wave wash the black taint away,
Cleanse our blood and deliver us from sin...

The Guardian of Eden is calling, Word's spreading
across land and sea
We're all being given a second chance to believe and
to redeem our lives...

Angels of Heaven descend into the Night,

Bless humankind with pure Light
Lucifer's armies fall back to the Abyss,
Children of Earth you will live...
Live in peace...
