I wanna get dusted, I gotta get dusted baby  
I wanna get dusted, I gotta get dusted baby

Drivin in my car, down the avenue  
Chewin on a J, what the fuck can ya do?  
Dip around the corner in my nigga's mercedes  
First thing I see is a fly young lady  
Jump out my ride and proceed to kick game  
First thing I kick is my motherfuckin name  
Schooly D bitch you know that I'mma winner  
I getcha high and take ya ass out to dinner  
Talk about the cheeba and we talk about the black  
It's 93 and the bitch smoked crack  
Took her to the crib, first thing that I did  
Kicked her ass and I fucked her on the bed  
I pulled the gat and popped two in the dome  
Yo my nigga, cause it's on  
Seen mo' blood than a nightmare thriller  
Schooly D, I'mma crack bitch killa

Sittin in the crib, mindin my own  
I get a call from my nigga named Bone  
Told me that some niggaz was trippin  
I grab my gat and put the motherfuckin clip in  
Grab my cheeba, jump into my ride  
Hadta cruise to the south side  
Lookin on the corner who should I see?  
A motherfucker lookin just like me  
I grab my gat, start poppin  
Punk motherfuckers start droppin  
Seen more blood than a friday night thrilla  
Schooly D, the crack pussy killa
