Verse:

A simple smile, a simple smile can go a long way in  
showing me and letting me know that you care  
We have been broken angels since dreams died; I see  
your eyes you're losing me somewhere

Pre-Chorus:

Then you show me your secrets almost take me there

Chorus:

In the dark, in the dark

Verse:

Now the trap we are stuck inside, locked up with  
nowhere left to hide  
And I must, I must find my way out, 'Cause I  
can't live like this 'til we die

Pre-Chorus

Go on show me your secrets almost take me there

Chorus:

In the dark, in the dark

Bridge:

I know your childhood wasn't good to you, neither  
was mine to me  
I watched you grow you saw me burn the liquor  
couldn't change it  
We were both afraid of what could be

Chorus:

In the dark

Verse:

We need, we need to finish this one way, one way or  
another  
Angels falling down from heaven Let us fly, let us fall  
together

Pre-Chorus

Show me your secrets almost take me there

Chorus:

In the dark, in the dark

In the dark, in the dark

A simple smile can go a long in showing me
